

 <p>Hello! Welcome to the dentist's office. This is where you will get your teeth cleaned and checked by the dentist to make sure they are healthy. Take a seat while you wait!</p>	 <p>The dentist's office can seem like a scary place. There are bright lights, loud sounds, and sometimes it can be uncomfortable to sit while someone has their hands in your mouth.</p>	<p><b>Safe Place!!</b></p>  <p>But the dentist office is a safe place! Everyone here wants to make sure you are comfortable while they clean your teeth. If you need something to change, just let them know!</p>	 <p>How are you?</p> <p>The dental hygienist is the person who will clean your teeth. They will use special tools, water, and toothpaste to make sure your teeth are nice and clean. They love to chat while they clean your teeth so make sure you come with lots of fun stories to share.</p>
--	---	---	---

 <p>After the dental hygienist cleans your teeth, the dentist will come by to look at your teeth to check for cavities, chips in the teeth, and anything else that they need to look at. If you are having any pain in your mouth, let them know!</p>	 <p>When you finish your appointment, you will be sent home with a goody bag. You will get a toothbrush, toothpaste, and floss. All the tools you need to keep your teeth nice and healthy!</p>	 <p>You should go to the dentist every 6 months to make sure your mouth stays really healthy. You should also make sure you are brushing your teeth two times a day and flossing once a day.</p>	<p><b>PI ❤️ Dentists!!</b></p>  <p>Pediatric Interactions loves the dentist and we hope you do too!</p>
